Welcome to Winston S. Churchill School. Our building serves students in Grades 3-6, where a variety of unique learning opportunities are provided in both the core content subject areas and specials. Our staff members are committed to creating a nurturing, academically rigorous, and developmentally appropriate environment where every student can thrive, become consistent lifelong learners, and reach their goals.

At Churchill School, our instructional practices are designed to support students growth academically, socially, and emotionally. In Grades 3-5, students classes are partially departmentalized, while providing a more in-depth focus on mathematics, literacy, social studies, and science. This gradual transition model helps students build confidence and independence as they transition into a full departmentalization model when entering Grade 6, an adjustment that will help prepare them for middle school. Our school counselors integrate a rigorous Character Education program that adjusts themes each month that support social-emotional learning and guide our students in making good choices and informed decisions.

Our school community values personalized learning. Teachers and administrators work collaboratively to analyze benchmark, formative, and summative assessment data using multiple measures to differentiate instructional practices to both remediate and accelerate student learning. Our mission is rooted in fostering a safe, respectful, and inclusive environment where all students are encouraged to set high goals and are provided the necessary support systems to reach them.

Churchill School takes great pride in its strong partnerships with community organizations and local stakeholders. We work closely with our Home School Association, Fairfield Education Foundation, Special Education Parent Advisory Group, the Fairfield Public Library, the Recreation Department, and the Fairfield Municipal Alliance. One of our most valued collaborations is with the Fairfield Police Department. Together, we coordinate comprehensive safety and wellness programs that promote responsible citizenship and personal well-being.

Consistent two-way communication between our school and the Churchill community is essential for student success. The faculty and administration at Churchill School highly value input from all stakeholders. Also, families can stay up-to-date on building and classroom practices through School Messenger communications and our Churchill Instagram page (@churchillprincipal). We encourage ongoing dialogue and collaboration to ensure we continue to provide an exceptional educational experience for all learners.

Thank you for your ongoing commitment to the growth and development of our students. Please feel free to reach out to me with any questions, comments, and/or concerns at any point. Community input is crucial as we continue to develop a collaborative school culture that puts students first. The possibilities will always be endless as we embark on this educational journey together!

In Partnership
